

## *FIRM PHILOSOPHY*

AccountingTechs, Inc. was formed to address the accounting and financial information needs of small to mid-size businesses. Our firm offers a full-range of accounting and financial outsourcing services that are driven by the needs of the organizations served. Our professionals will perform complete accounting processing for your organizations or function as a compliment to existing staff members. We are committed to understanding your business and contributing to your financial success.

## *FIRM MISSION*

Our mission is to provide comprehensive accounting and tax services, in-depth financial analysis and practical guidance to assist managers in making informed business decisions. We serve nonprofit and for profit organizations with an emphasis on optimizing the use of technology, safeguarding organizational assets and ensuring compliance with contract, grant and governmental regulations.

## *SERVICES PROVIDED*
